PROFESSIONAL SUMMARY

MSc Information Systems graduate from University College Dublin with hands-on experience in data analytics, Power BI dashboard development, Python-based machine learning, and full-stack web development. ITIL® 4 Foundation certified. Proven ability to translate complex technical findings into clear business insights for non-technical stakeholders. Supplementary skills in digital content creation (Canva, promotional video production) make me a uniquely versatile candidate for technology consulting and data analyst roles in Ireland's growing tech sector.

KEY SKILLS

Analytics:	Python (Pandas, Scikit-learn), SQL, Power BI, Excel, Jupyter
Development:	Flask, Angular, REST APIs, Docker, Git, HTML/CSS, JavaScript
Methodologies:	ITIL® 4, Agile, UX Research (SUS, NASA-TLX), Blockchain
Consulting:	Stakeholder communication, data storytelling, KPI dashboards, client presentations
Creative:	Canva (graphic design, flyers, ads), promotional video editing, social media content
Languages:	English (Advanced), Irish (Beginner), French (Beginner)

EXPERIENCE

Virtual Data Analyst Intern | PwC Switzerland (Forage) 2025

- Designed and optimised client-facing Power BI dashboards tracking KPIs and operational performance, reducing reporting turnaround by 30%.
- Translated business requirements into clear, actionable visual insights and delivered concise recommendations in simulated consulting engagements.

Virtual Data Science Intern | British Airways (Forage) 2025

- Built predictive models in Python to uncover customer buying behaviour patterns, improving insight accuracy by 15%.
- Scraped and analysed customer review datasets; visualised findings in Power BI for stakeholder presentations.

Data Science Intern | Oasis Infobyte 2024

- Performed exploratory data analysis (EDA) to support business decision-making.
- Delivered insights through clear visualisations and written reports for non-technical audiences.

PROJECTS

Blockchain Health Records — Python, SHA-2, Java, Blockchain

- Led a KSCST-sponsored team to build a blockchain prototype for tamper-proof health record storage; implemented SHA-2 hashing ensuring 100% data integrity.
- Published peer-reviewed findings: IJAR SCT, May 2023 (DOI: 10.48175/IJAR SCT-10600).

Insurance Management Portal — Flask, Angular, Docker, Git

- Built a microservice-style web application for policy tracking and claims management; developed REST APIs and Angular front-end, tested with ~200 dummy users.
- Containerised deployment with Docker reduced environment setup time by 60%.

Voice Interface Usability Study — Amazon Alexa, SUS, NASA-TLX

- Conducted a study with 100 participants comparing usability vs. cognitive workload in voice systems; delivered actionable UX improvements raising usability scores by 20%.

Mindful-U — Student Stress App — *UI/UX, Figma*

- Designed a stress management app for university students, applying UX research principles and iterative prototyping.

Emotion Detection in Text — *Python, NLP, Twitter Data*

- Developed an NLP-based classifier to detect emotions in social media text using Jupyter and Scikit-learn.

EDUCATION

MSc Information Systems | **University College Dublin, Ireland** 2024 – 2025

GPA 3.51 / 4.2 | Modules: Machine Learning, UI/UX, Quantitative Data Analysis, Data & Society

B.Eng. Computer Science | **Visvesvaraya Technological University, India** 2019 – 2023

CGPA 7.7 / 10 | Modules: Operating Systems, Databases, Computer Networks, DSA

CERTIFICATIONS & PUBLICATIONS

- ITIL® 4 Foundation — PeopleCert (2025)
- Python for Data Science & Machine Learning Bootcamp
- SAP Learning Hub — S/4HANA Cloud (Sales Fundamentals)
- Publication: Health Records of Stigma Diseased Patients using Blockchain (IJARSCT, 2023)

ACHIEVEMENTS & ACTIVITIES

- Led blockchain health records project sponsored by KSCST (Karnataka State Council for Science and Technology).
- Tech Talk & Seminar Speaker during B.Eng. programme.
- Event Organiser, UCD Student Club, managed conferences and cross-cultural events.
- Creative digital content: Canva graphic design (flyers, ads, social media), promotional video production.
- Interests: Wildlife photography, astronomy, finance & investment, community volunteering, sports & fitness.
